Salmon Friendly Commuting is Sustainable Living

- Reduce air pollution
- Reduce traffic congestion
- Use roads and highways more efficiently
- Reduce energy consumption
- Get to know your neighbors
- Shop locally
- Get out of your car!

BUS SERVICE – The Eastside has many convenient bus routes including Metro's new Route 218. Discover what route might work for you. Call Rider Information at 206-553-3000 or plan a trip at <http://transit.metrokc.gov>.

RIDEMATCH SERVICES – Visit RideshareOnline.com to find the names of people with a commute similar to yours to join or start a carpool or vanpool. A map shows you the location of people who share your commute, and a corresponding list provides contact information. Call 206-625-4500 or toll free 800-427-8249 for rideshare assistance.

VANPOOL – Vanpools are provided by transit agencies throughout the region to groups of 5 to 15 commuters who share a similar commute to work. One member of the group volunteers to drive and, in return, can ride for free. Everyone else in the group pays a low monthly fare. Find more information about joining or starting a vanpool at RideshareOnline.com or call 206-625-4500 or toll free 800-427-8249.

VANSHARE – VanShare provides vans to groups of commuters at a low monthly cost to make the first or last leg of their commute trip to meet the bus, Sounder train or ferry. Reserved parking is provided at park-and-rides and transit centers and near the ferry dock. E-mail vanshare@metrokc.gov or call 206-625-4500 or toll free 800-427-8249 for information.

BIKING – Why not consider bicycling to the nearest park-and-ride? Leave it there or take your bike with you. All Metro Transit and Sound Transit buses have bicycle racks. Bike racks are also available on King County Metro vanpool vans, on request. Need help planning a bike route from your neighborhood or want to find out more about how to commute by bicycle? Call The Bicycle Alliance of Washington at 206-224-9282 to be matched with a Bike Buddy.

See all your choices and connections – and plan a trip at <http://transit.metrokc.gov>. Or call 206-553-3000 for personal assistance.
